Welcome to Hops

AS Cambodia's first independent international craft beer garden, we are proud to offer you a beer that is brewed following the more than 500-year-old German purity law: only using water, malt, hops and yeast to create the most natural and pure beer in Cambodia.

Hops' unique beer gardens are named after the "soul" of beer - the essential element that delivers resins and essential oils. Hops influences a beer's aroma, flavor, bitterness, head retention and perceived sweetness.

In the food world, craft beer is a beverage that not only greatly enhances food when paired with a dish, but it is also brought into the kitchen as a cooking ingredient. Our kitchen team ensures that our German and international food stands out, and uses our craft beer for some of our house specialties to enhance your experience: try our fish and chips in wheat beer batter, our large pork knuckle with stout beer gravy, or our vegan malt salad.

Don't miss our **Free Flow Friday**, the popular barbecue & craft beer evenings available in our Hops "Villa" in Tuol Kork, and at Hops "Central" in the heart of the city.

Our modern beer gardens in Phnom Penh convey a feeling of warmth, friendliness and belonging to our visitors: happiness and conviviality at their best.

Meet old friends or make new ones at Hops, and have a relaxing time with our unique, fresh, all-natural beer and selection of specialty food.

Prost!

Cambodia's unique, all-natural craft beer.

Our craft beer is hand-brewed with love and passion, strictly following the more than **500-year-old German purity law from 1516.**

We only use the best **hops, malt, yeast and fine-filtered water** to create our fresh and smooth, all-natural craft beer.

A beer as unique as the Kingdom it's brewed in.

(LAGER, ABV 5.0%)

A hit with every beer lover, this tasty and light lager is brewed with the finest aroma hops. It conditions over 6 weeks to develop its unique taste: Gold Angel is refreshing, smooth to drink and seduces to always want – **one more.**
